THE DEVIL CAME ON HORSEBACK exposes the tragedy taking place in **Darfur, Sudan**, as seen through the eyes of an American witness who has since returned to the US to take action to stop it.

Using the exclusive photographs and first hand testimony of former U.S. Marine Captain Brian Steidle, **THE DEVIL CAME ON HORSEBACK** takes the viewer on an emotionally charged journey into the heart of **Darfur**, where an Arab run government is systematically executing a plan to rid the province of it's black African citizens. As an official military observer, Steidle had access to parts of the country that no journalist could penetrate. He was unprepared for what he would witness and experience, including being fired upon, taken hostage, and being unable to intervene to save the lives of young children. Ultimately frustrated by the inaction of the international community, Steidle resigned and returned to the US to expose the images and stories of lives systematically destroyed.
